Water Utilities Safety - 20 hours

Course Fee: \$250

Anyone involved in any phase of water or wastewater systems knows the importance of SAFETY! Do you know what to do in confined spaces or how to properly don personal protective equipment? Let us show you the proper procedures for excavating and trenching, electrical safety, work site protection and safe vehicle use. You will learn first-aid safety tips and safety programs. Upon successful completion of this course, you will be issued 20 hours of water credit and 20 hours of wastewater credit by TCEQ. TEEX is authorized by IACET to offer 2.0 CEUs for this program. Students must attend the full 20 hours to obtain 8 hours of OSSF credit.
